The wireless pad will provide optimal power delivery for your device.

The LED indicator will blink green when your device is charging.

Place your device on the center of the wireless pad.

Important Safety Instructions

1. Have service performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
2. Do not expose the wireless pad to fire or excessive temperature. Exposure to fire or temperature above 122°F may cause explosion. The wireless pad’s working temperature is ≤104°F.
3. Do not disassemble the wireless pad. Take it to a qualified service person when service or repairs are required. Incorrect reassembly may result in a risk of fire or injury to persons.
4. Do not use the wireless pad in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury to persons.
5. Use of a power supply or charger not recommended or sold by wireless pad manufacturer may result in a risk of fire or injury to persons.
6. Do not expose wireless pad to moisture, rain, or snow.
7. To reduce the risk of injury, close supervision is necessary when the product is used near children.
8. Read all manufacturers instructions before using this product.

WARNING - When using this product, basic precautions should always be followed, including the following:

SAVE THESE INSTRUCTIONS
