Warranty
At Ubio Labs, we are dedicated to designing and manufacturing products with superior performance and 100% customer satisfaction. All of our products come with a 1 year limited warranty from date of purchase.
We are always improving our products’ features and functionality. We reserve the right to change product specifications at any time without notice.

IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY

Important Safety Instructions

WARNING: When using this product, basic precautions should always be followed, including the following:
1) Read all the instructions before using the product.
2) To reduce the risk of injury, charging is necessary when the product is used near children.
3) Do not put fingers or hands into the product.
4) Do not expose power bank to rain or snow.
5) Use of a power supply or charger not recommended or sold by power bank manufacturer may result in a risk of fire or injury to persons.
6) Do not use power bank in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury to persons.
7) Do not use a power bank that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
8) Do not disassemble the power bank. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
9) Do not expose the power bank to fire or excessive temperature. Exposure to fire or temperature above 100°C may cause explosion. The temperature of 100°C can be replaced by the temperature of 212°F.
10) Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
11) Switch off the power bank when not in use.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The equipment generates and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—reorient or relocate the receiving antenna
—increase the separation between the equipment and receiver
—connect the equipment into an outlet on a circuit different from that to which the receiver is connected
—consult the dealer or an experienced radio/TV technician for help.

CAUTION: Risk of Fire and Burns. Do Not Open, Crush, Heat Above 45°C or Incinerate. Follow Manufacturer’s Instructions.

* A blinking amber LED indicates a foreign object has been detected (metal objects like keys, coins, magnets, etc.) and the device is automatically turned off to ensure safety. Removal of foreign object and proper alignment of phone will result in normal operation.
