Warranty
At Ubio Labs, we are dedicated to designing and manufacturing products with superior performance and 100% customer satisfaction. All of our products come with a 1 year limited warranty from the date of purchase.
We are always improving our products' features and functionality. We reserve the right to change product specifications at any time without notice.

Important Safety Instructions
WARNING: When using this product, basic precautions should always be followed, including the following:
- a) Read all manufacturer instructions before using this product;
- b) To reduce the risk of injury, close supervision is necessary when the product is used near children;
- c) Do not put fingers or hands into the product;
- d) Do not expose charging stand to moisture, rain, or snow;
- e) Use of a power supply or charger not recommended or sold by charging stand manufacturer may result in a risk of fire or injury to persons;
- f) Do not use the charging stand in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury to persons;
- g) Do not disassemble the charging stand. Take it to a qualified service person when service or repairs are required. Incorrect reassembly may result in a risk of fire or injury to persons;
- h) Do not expose the charging stand to fire or excessive temperature. Exposure to fire or temperature above 122°F may cause explosion. The charging stand’s working temperature is ≤104°F.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the product. This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada’s licence-exempt RSS(s). Operation is subject to the following two conditions:
1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

(1) Have service performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained. This device complies with Part 18 of the FCC Rules. NOTE: This equipment has been tested and found to comply with the limits for a wireless power charger, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

L’émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d’Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L’exploitation est autorisée seulement aux deux conditions suivantes:
1. L’appareil ne doit pas produire de brouillage;
2. L’appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d’en compromettre le fonctionnement.
RF Exposure Compliance: The equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body.
